

## **Empowered Services Welcomes You to the BYOC Program: Care Designed Around You**

The Bring Your Own Caregiver (BYOC) Program, a warm embrace in the world of attendant and respite care. Our focus is on you and your loved ones, ensuring that getting the support you need is as seamless and personal as possible. With the BYOC Program, we prioritize your comfort and convenience, expediting the employment process for your chosen Direct Support Professionals (DSPs) so that assistance arrives promptly.

At the heart of the BYOC Program lies a unique approach to compensation, offering caregivers the freedom to choose what works best for them based on the hours they will be working each week. Whether it's unlimited overtime opportunities at lower rates (with 1.5 x rate) or higher rates with no overtime, with a few other options in between. We understand that flexibility is key! This empowers caregivers, valuing their dedication, and ensuring a fulfilling experience in their roles.

Are you considering enrollment in the BYOC Program or simply curious about how it could enhance your caregiving journey? Click [here](#) to enroll and explore how Empowered Services is reshaping care provision with empathy and understanding. Together, let's embark on a path that prioritizes personalized, compassionate care for you and your loved ones.
